Trash and Litter Control Plan

The outline for the handling and disposal of refuse generated by the development is as follows:

1. The Owner will provide small trash receptacles as shown on the plan entitled “Wyndham Newport Hotel (Phase II) A.P. 115 Lot 54, #240 Aquidneck Avenue (John Clarke Road & Valley Road), Middletown, RI, Proposed Conditions”, last revised 07/02/24 by Northeast Engineers & Consultants, Inc. A typical receptacle design has been provided.
2. The Owner has provided larger trash receptacle (dumpsters) as shown on the plan indicated in note #1 above which are used for Phase I of the development. A typical receptacle design has been provided. These receptacles are located within an enclosure meeting the town’s standards.
3. Trash collected in the smaller external receptacles will be transferred to the larger external receptacles daily or as frequently as necessary.
4. The Owner will collect and dispose of all litter encountered on site into the larger external receptacles as part of regular groundskeeping operations.
5. The Owner has contracted an outside service to remove and dispose of the waste within the larger external receptacles on a regular schedule. The schedule is anticipated to be weekly, but will be adjusted in accordance with waste generation.
6. All refuse removed from site will be disposed of at a licensed facility.
