Message

Good day Mr. Wolsnsky  
This corespondent is from marc at Skydive Newport.  
I just want to make sure they the developers of the proposed apartment project on west main rd are aware that their housing will be off of the departure end of runway 16.  
It's all good until the airport gets complaints years down the road.  
The area should be developed for light industry.  
If the apartment project is approved please leave us a phone number where we can direct noise complaints.  
Thanks for your time  
Marc Tripari
