---

Dear Mr. Wolanski,

We have known Chis Bicho for a number of years as we have used his management company when we lived in Newport.

We have since moved to Middletown and find that he has bought property on Aquidneck Avenue and is planning to build an apartment building and renovate existing buildings on the property. Our home on 90 Honeyman Avenue is behind his building and our property abuts his. We will be directly impacted by his acquisition and we couldn't be happier that Chris will be planning this project.

I know this project will be done correctly and with a lot of thought and consideration for the new building and also his new neighbors.

Best Regards,

Fran & Rocco DeFilippo  
90 Honeyman Avenue
