Re: Mesolella/"Rosebrook Commons"
Low-Moderate Income Housing Comprehensive Permit

Dear Mr. Wolanski,

Please make sure that the Middletown Planning Board is specifically aware that [Mesolella's "Rosebrook Commons"](#) proposed development is DIRECTLY underneath the Newport State Airport's Runway 16 approach (see attached map). For the protection of both the residents, who would unwittingly rent a home underneath an active approach/departure, AND the airport, this permit needs to be denied. The property zoning should remain Light Industrial.

Sincerely,

Guillaume de Ramel
