Building Permit #32614

Middletown Planning Board,
350 East Main Road
Middletown, RI 02842

We would like to perform a siding job located at: 43 Aquidneck Avenue, Middletown RI. The job consists on installing vinyl siding over the existing siding of the building.

Any rot found on existing siding will be fixed and replaced in kind.

For the vinyl siding overlay we will be using Mastik Ply gem Ovation D4 Silver gray vinyl siding in clapboard style.

A sample of the vinyl siding has been delivered to the planning board meeting.

If you have any other questions please don't hesitate to contact me.

With my very best regards,

Rick Hart
