

Trash and Litter Control Plan

1. The outline for handling and disposing of refuse generated by this proposal is as follows.
 - a. The owner will provide trash receptacles in the following locations on the premises;
 - i. Clubhouse
 - ii. Both bathrooms
 - iii. One trash receptacle every 6 holes on the course (3 total on course)
 - b. Collected trash will be picked up every other day or as frequently as necessary.
 - c. As part of our daily grounds control operations, litter collection will be mandatory multiple times per day. We will collect any litter and dispose of it.
 - d. We will hire Lawrence Waste to empty our trash containers as frequently as necessary.
 - e. All trash collected from this location will be disposed of at a licensed facility.
