Message Regarding the proposed GG Properties LLC, DPR, Wholesale Commercial Building, at 72 Johnnycake, as a neighbor living on Julia Court, we are concerned about the appearance and noise generation at the proposed building. Are there restrictions on type of use, time of use, noise pollution, traffic, etc.? Also, is this an office park? The building seems to be an inexpensive metal building, not an office building. It also appears to be taller and not similar to the adjacent structure. How is the quiet enjoyment of our property protected? Thank you.
