

Proposed amendments to uses requiring Special Use Permit in response to S1032A. This table incorporates previously proposed amendments forwarded to the Town Council but not yet adopted. For clarity, only the new proposed amendments are identified below. Uses where changes are proposed are **highlighted**. Uses that will still require a special use permit in one or more districts if the amendments are adopted are in **bold type and underlined**.

Zoning Ordinance § 602 SCHEDULE OF DISTRICT REGULATIONS - USES AND DISTRICTS.

(A) The following uses are permitted only in the zoning district marked with a "Y". Uses permitted in the zoning district as a special use under the provisions of uses requiring a variance or special use permit or Article 9 are marked with an "S". Where the letter "N" appears, the use is prohibited.

(B) Any use which is not specifically included in the use provisions herein is prohibited everywhere in the Town of Middletown, unless the Zoning Officer makes an interpretation that such use is included in any of the sub-classifications set forth herein. Uses not specified in this chapter may be permitted only if the Zoning Officer makes an interpretation that they are included in a use sub-classification permitted in the zoning district and if such use would be consistent with the purposes and intent of this chapter.

¹ Refer to § 725 and Article 23 of this chapter for use and design restrictions and performance standards applicable to uses in light industrial districts.

² (Abutting Residential) Light industrial (adjacent to residential) is not a separate zoning district. It is a subset of light industry and is shown here for clarity only.

³ Refer to Article 25A of this chapter for use restrictions, design standards and application procedures for wind turbines.

¹ Refer to § 725 and Article 23 of this chapter for use and design restrictions and performance standards applicable to uses in light industrial districts.

² (Abutting Residential) Light industrial (adjacent to residential) is not a separate zoning district. It is a subset of light industry and is shown here for clarity only.

³ Refer to Article 25A of this chapter for use restrictions, design standards and application procedures for wind turbines.
